

WE'RE PLAYING IT FORWARD FOR THE PENINSULA

The Safari Campout is more than just child's play. Its impact will be felt far beyond the lucky kids that call it "home." In close collaboration with Hayes Group Architects, South Bay Construction made the ultimate fantasy fort a reality for Rebuilding Together Peninsula's June 2013 *"Dreams Happen"* charity event. Complete with a rope ladder and swing hammock, the Safari Campout sold for \$40,000, which will help fund critical home repairs for Peninsula residents in need. Sometimes play is serious business.

Call 408-379-5500 or visit www.sbc.com to make your dreams come true.
