PROGRAM INFORMATION

REBUILDING TOGETHER PENINSULA is a volunteer program designed to provide free rehabilitation services to seniors, people with disabilities, and low-income homeowners and community facilities in San Mateo County and Northern Santa Clara County. We help homeowners who cannot physically or financially address their home repair needs themselves, and community facilities that do not have the financial resources to complete the repairs themselves. Our mission is warmth, safety and independence. We require homeowners and community facility representatives to actively participate in the entire program.

- Work completed by Rebuilding Together Peninsula volunteers is FREE.
- The Project Selection Committee determines which community facilities will be selected based upon: our mission, the number of applications, the need of the agency, our ability to complete the required repairs, and the participation and involvement of the applicant.
- We are limited in the type of work we can do. Due to size and complexity of the work needed, we may not be able to do certain projects. We do not typically do structural repairs, such as foundations or framing, etc.
- Rebuilding Together Peninsula is committed to providing equal opportunities for all applicants for our program's services. All selection decisions are made without regard to unlawful considerations of race, sex, religion, national origin, age, sexual orientation, disability, or any other legally protected status.

REQUIRED DOCUMENTS:

- **A completed application**
- **Confirmation of facility ownership or long-term lease agreement (i.e., a copy of the deed to the property/recent property tax bill, or a copy of a minimum two-year lease.)**
- **Proof of 501(c)(3) status if you are a non-profit organization**
- **A list of Board of Directors or School Board and their professional affiliation (if applicable)**
- **Any additional materials that describe the organization and its mission (optional)**
