Income Eligibility

To find out if you are eligible, fill out the Household Income Worksheet on page 3 of the application and compare your total household income to the Income Eligibility Table below. You qualify if your total gross household income is below the following:

- ☛ All income received, including salaries, pensions/annuities, income/dividends, SSI/SSDI, rent payments, and other contributions.
- ☛ Total income before taxes and other deductions are taken.

How Do RTP's Programs Work?

Once we receive your complete application, our staff and volunteers will schedule a comprehensive assessment of repairs needed at your home. Following the assessment, projects selected for repair will be accepted into one of our core repair programs:

Safe at Home	Smaller-scale, critical health and safety repairs completed by a staff member and/or skilled volunteers. Repairs are completed year-round, primarily on weekdays.
Rebuilding Days	Typically larger-scale projects, engaging a team of volunteers to tackle a wide range of repair needs. Generally, repairs occur on or around the end of April and the middle of October.
Unleaded Homes San Mateo County	In partnership with San Mateo County, remediation for lead paint in the home, with priority given to households with children in the home.

- Priority is given to households that have not yet received any services from our organization, as well as seniors and persons with disabilities who are unable to make their own repairs and who have no able-bodied family members to assist them.
- Priority is given to prior recipients, provided RTP service was provided at least five (5) years prior.
- Social Service benefits are **NOT** affected if you receive RTP services.

What Repairs Will Be Considered?

Priority repairs have a direct benefit to the health and safety of your household. Following are examples of common repairs and safety modifications:

- Hot water or furnace repairs
- Door and window repairs
- Wall and ceiling repairs
- Floor repairs/installation
- Debris removal
- Basic plumbing and electrical
- Painting
- Basic carpentry
- Roof repairs/replacements
- Fence and/or gate repairs

RTP is limited in the type of work we can complete based on funding and volunteers available. Large, resource-intensive projects like roofing, painting, landscaping, or fencing outside are primarily considered for our Rebuilding Day program in April or October. RTP does not do structural repairs such as foundations, framing, seismic retrofitting, new construction, or room additions. We also may not be able to work on projects that include repairs that were done without proper permits.
